

ACTA VETERINARIA

Vol. 43

No. 2—3

Pp. 75—188

Beograd, 1993

C O N T E N T S

	Page
Nedeljković, Dragica, Kržalić, Ljiljana, Šikić, Branka and Milošević, Tatjana: Experimental hyperlipoproteinemia in rabbits induced by diets containing cholesterol or sucrose	77
Dimitrijević, Nevena, Vulović, Divna, Vlainić, Ružica, Protić, Spomenka, Dordević-Denić, Gordana and Jovanović, B.: Total activity and isoenzymic patterns of lactate — dehydrogenase (LDH) in various rat tissues	87
Ivanović, Z., Milenković, P., Stojanović, Nevenka, Lukić, M. and Kataranovski, Milena: A stimulator of proliferation of spleen colony-forming cells (CFU-S) in the bone marrow of irradiated rats	95
Lazarević, M. and Miletić, V.: Bovine seminal plasma inhibition of immune complex precipitation	105
Miljković, V., Pavlović, V., Petrujkić, T. and Mrvoš, G.: Neurotherapy of infertility in cows caused by sickness of the uterine adnex	113
Samanc, H., Damjanović, Z., Nikolić J. Anna, Stojić, V. and Begović, J.: The effects of sodium propionate and adrenocorticotropin on serum cortisol levels in dairy cows	121
Lozanče, Olivera, Drekić, D., Šimić, Marija, Cvetković, Dijana and Vičić, M.: Nucleus basolateralis (NBL) of male rats neonatally treated with progesterone	127
Janić, Marija and Pavlović, M.: Pituitary somatotrophic cells in goldfish (<i>Carassius auratus gibelio</i> Bloch) treated with oestradiol dipropionate, HCG and LHRH	133
Lalić, R., Nedić, Olgica and Lako, B.: Bacteria as protein carriers in agglutination assays	139
Vidić, Branka, Ašanin, Ružica, Boboš, S. and Lazić, S.: Selective media for the isolation of <i>Bordetella bronchiseptica</i> in experimentally infected pigs	147
Sinovec, Snežana and Jovanović, M.: Development of pathomorphologic alterations in the liver, kidney and heart of rats treated with T-2 toxin	155
Popović, S.: Vascularization of the labyrinth mucosa in the ethmoid bone of pigs	165
Nikolić, Zora, Blagojević, Zdenka, Katanić, Danica and Rogožarski, D.: The ovary and the oviduct of the ground squirrel (<i>Citellus citellus</i>)	171
Stojiljković, M. P., Ugrešić, N., Anđelković, Draginja and Obradović, D.: Interactions of L-DOPA/pargyline, an organophosphorus compound (VX) and its antidotes in rats: neurochemical and toxicological aspects	179

The Journal is covered in Current Contents,
Science Citation Index and FO:VM
