

ACTA VETERINARIA

Vol. 45

No. 2—3

Pp. 65—172

Beograd, 1995

C O N T E N T S

	Page
Stojić, V., Šamanc, H. and Fratrić, Natalija: The effect of a clinoptilolite based mineral adsorber on colostral immunoglobulin G absorption in newborn calves	67
Fratrić, Natalija and Stojić, V.: Concentration and some characteristics of proteins in calf urine after colostrum intake	75
Todorović, Vera, Koko, Vesna, Lačković, Vesna, Milin, J., Varagić, Jasmina, Bajčetić, M. and Mitrović, Slobodanka: Combined effects of protein deficiency and chronic ethanol consumption on the ultrastructure of rat neutrophils. A — morphometric study	89
Koko, Vesna, Todorović, Vera, Čakić, Maja, Glišić, Radmila, Nešić, Aleksandra, Varagić, Jasmina, Bajčetić, M. and Radovanović, Jelena: Stereological analysis of rat endocrine pancreas after chronic alcohol feeding	95
Lozanče, Olivera, Drekić, D., Malobabić, S. and Cvetković, Dijana: The study of sex differences in anterior and posterodorsal subregions of the medial nucleus (NM) of the amygdaloid complex (AC) in the rat brain. Stereological analysis	103
Nedić, Olgica, Lalić, R., Lako, B. and Balaž, Jelica: Covalent coupling of proteins to different strains of bacteria modified via surface oxidation	109
Pančić, Beba: Restriction endonuclease patterns of the genome of pseudorabies viruses isolated from pigs	117
Debrić, D.: Growth of contagious pustular dermatitis virus of sheep and goats in different cell cultures	123
Gagić, Maja, Đurišić, Š., Ašanin, Ružica and Palić, T.: Detection of poultry infection with the virus of Marek's disease using different laboratory methods	127
Kasalica, Anka and Otenhajmer, Ivanka: Psychrotrophic bacteria of milk collected in a dairy farm cooling basin	137
Mašić, Z., Rajić, I., Knežević, N. and Pavkov, S.: Pathomorphological and pathohistological changes due to ochratoxycosis A in pigs	145
Grubić, G., Sretenović, Ljiljana, Stoićević, Lj., Adamović, M. and Jovanović, R.: Protein degradability in ruminant feeds of animal origin	149
Stanimirović, Z., Vučinić, Marijana, Soldatović, B., and Vučićević, Marijana: A large acrocentric chromosome in the first pair of autosomes in natural populations of <i>Mus musculus</i> , Linne 1758	155
Popović, S.: Some characteristics of the vascular network in the mucosa of the olfactory region in pigs	161

*The Journal is covered in Current Contents,
Science Citation Index and FO:VM*
